Ad Specification Guidelines:

Review our display ad specifications to ensure your display advertisements look fantastic and perform optimally on Animal News Ireland.

Adhering to these guidelines helps us provide the best possible experience for our visitors and ensures your message is delivered effectively.

1. Ad Dimensions

Size: 728 x 90 pixels (Leaderboard)

Size: 300 x 250 pixels

2. Accepted File Types & Formats

We accept both static and animated display advertisements.

Static Image Ads (Non-Animated):

File Types:

.JPG / .JPEG .PNG

Animated Ads:

.GIF

HTML5 (.zip file): Please provide your HTML5 ad as a single .zip file containing all necessary assets (HTML, CSS, JavaScript, images, etc.).

3. Technical Specifications

Maximum File Size: 150 KB (kilobytes)

Animation Length (for GIF & HTML5):

Animations should not exceed 30 seconds in total length.

Click-Through URL:

Provide one valid and functional click-through URL that your ad will link to. This URL must start with https:// (SSL compliant).

SSL Compliance:

All ad assets (images, HTML5 components, and the click-through URL) must be served over https://.

4. Design & Content Standards

No Audio: We do not accept any audio in display advertisements. Please ensure your ad creatives are completely silent.

High Quality & Readability:

Use high-resolution images that are clear and crisp, avoiding pixilation or blurriness.

Ensure all text within your ad is legible against the background. Avoid overly small fonts or poor colour contrast.

Clear Call-to-Action (CTA):

Your ad should include a clear and compelling call to action (e.g., "Learn More," "Shop Now," "Sign Up") that encourages users to click.

Relevance:

The content of your banner ad should be relevant to the landing page it directs users to.
